

Polyethylene Terephthalate (PET)

Items made from this plastic:

- Cold drink bottles
- Mineral water bottles
- Disposable glasses and utensils
- Packaging of food items

It is easy to recycle PET plastic.

- It is recycled in many factories.
- Items made from this plastic are broken down into small pieces. These pieces then undergo a chemical process to be made into new bottles.

- PET plastic items can be single-use items or for multiple uses.
- Re-using single-use items can be dangerous. Hence, always check the label mentioned on the plastic item carefully.

Look for this sign  at the bottom of plastic items in your home.
