

# Polypropylene (PP)

## Items made from this plastic:

- Packaging of food items (curd, butter, etc.)
- Plastic bottle caps
- Containers for storing heated food
- Disposable cups, plates
- Furniture
- Motor parts

Only 3 percent of this plastic is recyclable.

- Being lightweight and heat resistant, it is mostly used in food packaging.
- It is considered safe to use.

Look for this sign  at the bottom of plastic items in your home.
