

Polystyrene (PS)

Items made from this plastic:

- Egg trays / packaging
- Cassette and CD covers
- Disposable cups, bowls
- Plastic spoons
- Packaging of parcels

- This plastic is difficult to recycle.
- Therefore, it should not be used.

- PS is quite easy and cheap to manufacture.
- It is most used in the packaging industry.
- However, PS is harmful for the environment.

Look for this sign  at the bottom of plastic items kept in your home.
